Dear Sir:

In 1924, when the International Exhibition of Contemporary Medals was held at our Society, we were unable at that time to purchase a number of the pieces exhibited, which we should very much have liked to have had for our collection. Among these was your "Dante" medal (cliche) which was valued at four hundred Lire. May I ask if a copy is still available, and if so, will you kindly send it, with your bill, by insured parcel post, addressed to:

The Museum of The American Numismatic Society
Broadway between 155th and 156th Streets
New York, New York

Please mark the package:

MAY BE OPENED FOR CUSTOM INSPECTION

I should also be glad to learn of any medals which have been executed by you since 1924. If reproductions of them are available, it would greatly help if you could send them along. In all cases, I wish to know whether the medals are available for purchase, and at what price.

With assurance of my cordial esteem, I beg to
subscribe myself,

Very sincerely yours,

Secretary.

Dear Sir:

Your acknowledgment of our cheque and the envelope containing the photographs of your recent medals have both been received. I am also referring to your letter of May 10th telling me about the prices of certain of these pieces.

May I offer you my warm congratulations on the very high standard which characterizes every one of these medal designs. I wish that we were in a position to say that you might send them all to us. Unfortunately, however, our funds do not permit me to do this, but I do wish to have you send with as little delay as possible, the medals specified below. Please send them as you did with the Dante medal, by registered post, and not by express. Have them addressed to:

The Museum of the American Numismatic Society
156th Street and Broadway, New York, New York, U.S.A.

as that sometimes expedites their passage of the American Customs.

The package should be marked:

May be opened for customs inspection

Dear Sir:

Thank you very much indeed for the newspaper article about your medals, in which I was greatly interested. When the designs which you are making for the papal coins are published, if there is a similar article we should be very glad indeed to have it for our files.

Very truly yours,

Secretary.
